The twins are helping mom unpack the groceries and then towards camera (as if they are showing it to their mom), they hold up a bag of apples and nuggets. They can then put those items down and continue helping mom. *Moms auditioning with kids should do the lines in the script below.

TAKE 2: Mom and twins and are sitting down or huddled around the bar in the kitchen chatting and enjoying a salad and some nuggets. *(Please use real food for this part. Though it doesn't have to be nuggets, we do want to see you eating.)*
